or
11465006 RE-CONE KIT
(not supplied with glue)

23031280 CROSSOVER

83661010 PROTECTION LAMP

EVENT

The Mid Range driver is fitted into a moulded cover and also has a heatsink fitted to the rear magnet held on by 4 screws. This heatsink and cover must be refitted when replacing the mid range chassis or cone kit. You will need a quantity of transistor mounting heatsink paste to ensure good heat conduction.

**Please refer all repairs to a Qualified audio / electronics engineer.
240v ac mains is lethal if not teated with respect.**
